Dear Colleagues,

It is a great pleasure and honor to invite you to participate in the 4th International Symposium on Process Chemistry (ISPC 2019) which will be held on July 24-26, 2019 in Kyoto under the auspices of the Japanese Society for Process Chemistry (JSPC).

JSPC was founded in 2001, just beginning of this century. It organizes summer and winter symposia every year. Members of JSPC belong to pharmaceutical and chemical industries, manufacturers of pharmaceuticals intermediates, academics, and so on. More than 700 participants discuss process chemistry in the summer symposium every year.

Furthermore, JSPC already organized International Symposium on Process Chemistry (ISPC) in 2008, 2011, and 2015 in Kyoto, and total number of participants of the symposia has exceeded 2500. JSPC is planning to organize the 4th International Symposium on Process Chemistry (ISPC2019) in the summer of 2019 in Kyoto. Both industrial and academic chemists who are interested in process chemistry will be cordially invited to participate in the ISPC 2019 to present and discuss the recent progress of broad aspects of process chemistry.

Kyoto is a historical city which was the capital of Japan from 794 until 1868 before Emperor moved to Tokyo. It has a reputation worldwide as Japan's most beautiful city, and you will discover so many unparalleled collections of palaces, temples, and shrines. You could enjoy these beautiful and historical places in addition to the Symposium.

We look forward to meeting you in Kyoto.

Sincerely,

Hironao Sajiki, President of JSPC
Takahiko Akiyama, Chairperson of ISPC 2019
